Illegal Defense Rule (U14-U16)

The following situations are considered illegal defense:

- Defender remains in the paint for more than 3 seconds without actively guarding an opponent (arm's length of their opponent)
- Offensive player holds or dribbles the ball around or inside the three-point line for at least 3 seconds without being actively defended by their opponent
- A team repeatedly positions itself in zone defense

The referee must determine if the defense is positioned in an illegal defense.

The referee will inform the defenders in an instructional manner that they are in an illegal defense.

If these situations are repeated, the referee may penalize the illegal situations by awarding a free throw to the attacking team while retaining possession of the ball. All throw-ins resulting from an illegal defense decision, after the free throw, must be taken from the throw-in line.

A referee's decision regarding an illegal defense is considered a factual decision (“Tatsachenentscheidung”) and is irrevocable before federal courts.

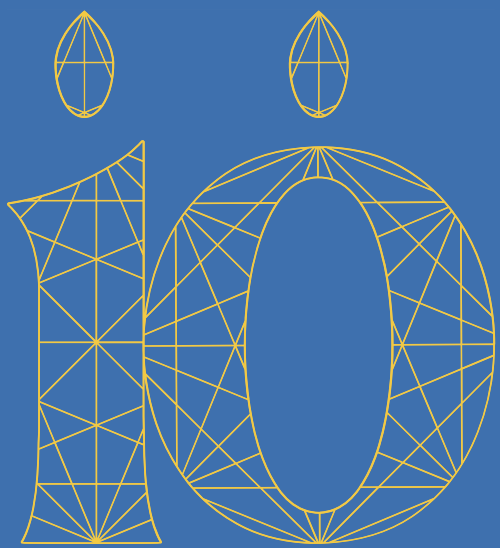

Quick Inbound Rule

RULE: Referees should no longer handle the ball in the backcourt following whistles that do not require their intervention with the scorer's table (Recording a foul or granting a timeout) . When the referee whistles for the ball going out of bounds, traveling, or any other violation the team awarded the backcourt throw-in may now execute the throw-in from the designated point (with a one-meter margin allowed) without waiting for the referee to hand them or touch the ball.

CLARIFICATIONS:

- Quick inbounds are possible on all violations, with two key exceptions: Free throw violations + Jump ball situations (as these are not considered violations)
- The game clock is stopped when the referee whistles for a violation.
- Both teams have the opportunity to call a time-out during a quick inbound situation.
- Neither team is allowed to make substitutions during a quick inbound situation. **Inbound Location:** The inbound team may put the ball in play from the designated spot without waiting for the referee to hand over or touch the ball. A one-meter leeway is permitted for the inbound location.
- If the inbound is executed from an incorrect spot, the referee should interrupt the game, award the ball to the same team and ensure the inbound is taken from the correct location.
- During the final two minutes of the game, substitutions are not allowed during a Quick Inbound but are permitted after a made basket.
