### Comments about the game:

In the first half of the game , we could keep the pace with the strong , agile and quick Irish player with a few good moments in full court- man defense , stealing and creating turn over for the opponent.

But we struggled a lot in offense to come thru to the basket, first due to our small players and second because we have missed easy points right under the basket. Only one of our players could show resistance under the basket.

Unfortunately second half we have started the game with a lot of individual turn over, which were immediately punished by the Irish due easy fast breaks. The physical and metal tiredness breakdown made out of our players an easy prey for the Irish players.
